2450 Ponce de Leon Ct., Fort Morgan, AL 36542 * 251-279-7419

Welcome to Our Home:

Our family has owned Footprints since 1993 when there were only a few houses to be seen. Our home has always been well maintained and most recently a complete renovation from top to bottom. We enjoy visiting as frequently as we can with our family and friends, we hope you have the chance to enjoy it the same way we do. Our long-term goal is to retire here and enjoy the house every day. If you have ever been to Fort Morgan or are returning to visit, Footprints will surpass all your expectations. Please, make yourselves at home, settle in and enjoy your stay in Fort Morgan!

Safety:

Fort Morgan is a quiet, beautiful, and safe place both day and night. Many people feel safe strolling around by themselves even at night. Reasonable precautions are still called for. Don't leave money, passports or other valuables lying around in sight; lock doors and windows when you leave.

Things to know about the house:

Things will tend to get put away in the oddest places, so it's to your advantage to case the place out, look in drawers and cupboards and discover what's there. We've tried to outfit the place as well as possible, and hope you find everything you need.

You will also notice that there are several light switches that will take a little experimentation.

The washer and dryer unit are located on the first floor in the utility room and is available for your use. Guest must provide their own detergent for their personal items.

The stove is an electric cook top and oven combo. The push button control panel is on top and is self-explanatory.
